Serie 901

Conference table, barrel-shaped top with two posts with V-shaped leg.

Construction with a centrally-positioned tubular-steel cross-member and welded-on brackets.

Table top is a LIGNOpal (melamine-resin), veneered or linoleum-covered chipboard with plastic or wooden edges. The corners are rounded.

Electrification (optional) is provided 1.) by means of push-on plastic cable clips or 2.) fabric troughs hinged on one or both sides.

Cable outlets (optional) are achieved 1.) through metal outlets or 2.) E-boxes for power and data connections.

Supporting element (refer to table for position) consists of two posts with V-shaped foot of powder-coated steel.

The following material groups are available to choose from: Frame made of steel tube: M2; Top made of LIGNOpal-plastic/beechn: L6; Top made of linoleum: L8; Top veneered: F1.
