

MATERIAL Mat-C030_ME_US - 18.11.2016 - www.vs-furniture.com

**Plastic color:
C030 light blue.**

Plastic parts. Plastic is used for small parts, e.g. handles and end elements, but also for seat shells. Seat shells on LuPoGlide and LuPoTurn chairs and the Panton family are made from polypropylene. Polypropylene is a particularly impact- and scratch-resistant material. Various plastic colors are available to choose from.

Important note. Material and color charts produced by printing can deviate slightly from the original and the colors are not necessarily exactly true. The same applies to ink-jet or laser prints from PDF files.
